

UNI-SHELF®

APC Uni-Shelf® is a simple yet versatile storage system that can be easily added to or reconfigured, making it ideal for any growing business.

Shelves are fitted into place using strong 'Magicclips' meaning there is no need for nuts, bolts or tools, offering quick and easy assembly and adjustment to suit the changing needs.

QUALITY & ENVIRONMENTAL CONTROL

APC has developed and implemented an Environmental Management System (EMS) that not only ensures legislative awareness and compliance, but gives us the ability to identify cost savings with greater emphasis on "resource, waste and energy management" minimising our environmental footprint.

Customers can be confident that APC's strong EMS gives us the structured framework to quantify, monitor and control the impact of our operations on the environment, now and in the future.

APC also has a Quality Management System (QMS) focused on maintaining consistently impeccable customer service to our clients, along with the delivery of quality products and services that meet international standards. Our mature QMS provides us with "quality" systems, "quality" staff and the customer with a guaranteed "quality" product.

COLOURS

Our stock colour range is a refined selection that will always have the shortest lead times.

If you are looking for a customised appearance for your office environment, we offer a large range of colour options to suit your needs.

For the full range of colour options, please refer to the latest version of the Dulux powdercoating range.

Please note: Custom colouring is only available for orders over a certain quantity.
