Waterproof Locker Internal Dimension

Model	Internal Dimension
T-W390L	W380 x D437x H882mm
T-W390M	W380 x D437 x H584mm
T-W390S	W380 x D437 x H434mm

\*Please note lockers are not waterproof.

WATERPROOFING

Sealed Door

The locker door fully covers the locker carcass, which effectively enhances the waterproof performance.

Water Strip

This waterproof locker is designed with a water strip which captures water and allows it to drain.

Water Strip Design

The water strip prevents rain water from entering into the locker.
